the bestselling text in its field international relations is praised for being the most current and comprehensive introduction to international relations theory as well as security economic and global issues from war and trade to human rights and the environment this survey explores relations among states and the influence of transnational actors and events

business is the religion of the contemporary world we now live in a business culture in which business plays the major role in determining how we encounter and interpret the world around us so argues john deeks in a provocative book that highlights the influence of business on culture and traces the increasingly dominant role that business has played in shaping social and cultural experience the book's general thesis is that the focus of business activity has broadened to encompass not only the traditional exploitation of resources and the manufacture of artifacts but also the exploitation and manufacture of language images symbols and consciousness the very substance of the idea of culture it argues that in the contemporary world the dividing line between commerce and culture is becoming increasingly blurred and that business practices and values now dominate the material intellectual and spiritual life of the community the book is structured around the idea of an extended business culture this provides the focal points for an analysis of cultural developments related to the activities and values of the world of business these focal points are the development of the market economy the control of technology the manipulation of language images and symbols the shaping of consciousness and the transmission of ideology the book's general thesis is illustrated by an eclectic and entertaining range of material drawn from economics sociology psychology anthropology history art biography literature film theater television technology and computer science material drawn together by the common thread of business by utilizing literary dramatic and visual texts together with material on entrepreneurship and business management the author looks at the world of business imaginatively as well as analytically an approach that reinforces his ideas about the relationship among business society and culture the book will be of particular value to those with an interest in business and social and cultural issues and to business teachers and students it will provide ideal supplemental reading for courses on business and society

corporations dominate our worlds they employ us sell to us and influence how we think and who we vote for all aspects of this relationship are explored from an historical analysis of the spread of capitalism to the regulation ethics and exclusionary implications of business in contemporary society the book also examines how corporate power and capitalism might be resisted and outlines a range of alternatives from the social economy through to new forms of open access or commons ownership this second edition includes new chapters that explore how global crises such as the covid 19 pandemic and the climate emergency have exposed tensions within and among national business systems it also addresses the need for new ways of holding business accountable in the era of digital platforms like facebook google and amazon which use algorithmic personalization to exert private control over the infrastructure of our societies

we live in a bimoral society in which people govern their lives by two contrasting sets of principles on the one hand there are the principles associated with traditional morality although these allow a modicum of self interest their emphasis is on our duties and obligations to others to treat people honestly and with respect to treat them fairly and without prejudice to help and care for them when needed and ultimately to put their needs above our own on the other hand there are the principles associated with the entrepreneurial self interest these also impose obligations but of a much more limited kind their emphasis is competitive rather than cooperative to advance our own interests rather than to meet the needs of others both sets of principles have always been present in society but in recent years traditional moral authorities have lost much of their force and the morality of self interest has acquired a much greater social legitimacy over a much wider field of behaviour than ever before the result of this is that in many situations it is no longer at all apparent which set of principles should take precedence in this book john hendry traces the cultural and historical origins of the bimoral society and explores the challenges it poses for the world of business and management the

developments that have led to the bimoral society have also led to new more flexible forms of organizing which have released people's entrepreneurial energies and significantly enhanced the creative capacities of business working within these organizations however is fraught with moral tensions as obligations and self interest conflict and managers are pulled in all sorts of different directions managing them successfully poses major new challenges of leadership and moral management as the technical problem solving that previously characterised managerial work is increasingly accomplished by technology and market mechanisms the key role of management becomes the political and moral one of determining purposes and priorities reconciling divergent interests and nurturing trust in interpersonal relationships exploring these tensions and challenges hendry identifies new issues for contemporary management and puts recognized issues into context he also explores the challenges posed for a post traditional society as it seeks to regulate and govern an increasingly powerful and global business sector
