in steve jobs and philosophy sixteen philosophers take a close look at the inspiring yet often baffling world of steve jobs what can we learn about business ethics from the example of jobs what are the major virtues of a creative innovator how could jobs successfully defy and challenge conventional business practices how did jobs combine values and attitudes previously believed to be unmixable what does it really mean to think different can entrepreneurs be made or are they just born if jobs didn t make any major inventions just what was his contribution how is jobs s life illuminated by buddhism how does a counter culture transform mainstream culture what does jobs teach us about the notions of simplicity and functionality in design how do jobs s achievements alter the way we think about technology in relation to human life the chapters cover vital issues in ethics business aesthetics and technology they are followed by a fascinating appendix listing all the philosophers mentioned in the book along with explanations of their lives and key themes in their thoughts steve jobs and philosophy is aimed at readers interested jobs himself in entrepreneurship in technology culture and values

since toy story its first feature in 1995 pixar animation studios has produced a string of commercial and critical successes including monsters inc wall e finding nemo the incredibles cars and up in nearly all of these films male characters are prominently featured usually as protagonists despite obvious surface differences these figures often follow similar narratives toward domestic fulfillment and civic engagement however these characters are also hypermasculine types whose paths lead to postmodern social roles more revelatory of the current crisis that sociologists and others have noted in boy culture in pixar s boy stories masculinity in a postmodern age shannon r wooden and ken gillam examine how boys become men and how men measure up in films produced by the animation giant offering counterintuitive readings of boy culture this book describes how the films quietly but forcefully reiterate traditional masculine norms in terms of what they praise and what they condemn whether toys or ants monsters or cars pixar s males succeed

or fail according to the boy code the relentlessly policed gender standards rampant in american boyhood structured thematically around major issues in contemporary boy culture the book discusses conformity hypermasculinity socialhierarchies disability bullying and an implicit critique of postmodern parenting unprecedented in its focus on pixar and boys in its films this book offers a valuable perspective to current conversations about gender and cinema providing a critical discourse about masculine roles in animated features pixar s boy stories will be of interest to scholars of film media and gender studies and to parents

the church as we know it is calibrated for a world that no longer exists it needs to recalibrate in order to address the questions that animate today s congregants leading congregational researcher scott cormode explores the role of christian practices in recalibrating the church for the twenty first century offering church leaders innovative ways to express the never changing gospel to their ever changing congregations the book has been road tested with over one hundred churches through the fuller youth institute and includes five questions that guide christian leaders who wish to innovate

in today s world it s no longer enough to create great new products rather companies now must create whole new categories that destroy old ones uber created a new personal transportation category and destroyed taxis and limos salesforce com created a new category of cloud base sales automation dethroning the old crm industry airbnb workday tesla and netflix are all winning by creating entirely new business categories that destabilise old ones the category is the new strategy the conclusion if you want to build a legendary company you need to design and build a legendary category at the same time and dominate it over time your company needs to be a category king and if you don t design a category king you re creating a failure drawing on examples from within and beyond our own practice play bigger shows both entrepreneurs and established enterprises how to define develop and rule a category over time

the book that redefines leadership for our time inspired by personal interviews with jack welch bill clinton george lucas madeleine albright pope francis and others in this insightful book former director of the world business forum eduardo braun introduces a new vision of leadership the new ceo someone who puts people cultures and emotions first through thousands of hours of conversations with world class leaders braun has identified 5 key roles leaders can use to inspire people to strive for greater success and in turn change the world for good with this refreshingly human approach you ll find it easy to integrate the 5 traits into your work and your life the author shares intimate stories and practical life lessons from

ceos like jack welch and tony hsieh who trusted their instincts followed their passions and shared their visions with others leaders at all levels will learn how to make stronger connections that get better results and create a culture of inspiration and success
