most books on terrorism deal with descriptions of terrorist organizations and activities some examine privacy and civil liberties issues and others treat terrorism as a series of policy choices hardly any books deal with the foundational questions of values and violence as they relate to terrorism the two unique features of this book are that it deals with violence at the normative foundations of values and human dignity and that it includes many of the best known authors in the world from a variety of disciplines making it a paradigmatic example of cutting edge study in interdisciplinary scholarship with a focus on bringing theories and policy issues closer together values and violence includes chapters by a dozen of the leading scholars in the world on patterns of political violence responses to terrorism and the basic value choices inherent in them

history education by nature transmits an official version of national identity national identity is not a fixed entity and controversy over history teaching is an essential part of the process of redefining and regenerating the nation france and the united states have in particular experienced demographic and cultural shifts since the 1960s that have resulted in intense debates over national identity this volume examines how each country s national history is represented in primary schools social studies textbooks and curricula and how they handle contemporary issues of ethnicity diversity gender socio economic inequality and patriotism by analyzing each country separately and comparatively it demonstrates how various groups including academics politicians and citizen activists have influenced education and how the process of writing and rewriting history perpetuates a nation drawing on empirical studies of the united states and france this volume provides insight into broader nationalist processes and instructive principles for similar countries in the modern world

catastrophic historicism unsettles the historicist constitution of julia de burgos 1914 53 puerto rico s most iconic writer a critical task that necessitates redefining the concept of historicism through readings of aristotle walter benjamin jacques derrida werner hamacher and frank ankersmit mendoza de jesús shows that historicism grounds historical objectivity in the

historian's capacity to compose totalizing narratives that domesticate the contingency of the past while critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts historicism by infusing the past with a contingency that evades total appropriation after desedimenting the monumental tradition that has reduced de burgos to a totemic figure catastrophic historicism reads the poet's first collection *Poema en 20 surcos* 1938 mendoza de jesús argues that the historicity of *Poema* crystallizes in the lyrical speaker's self institution as an embodied ipseity which requires producing racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation rather than treating de burgos's poetics of selfhood as the ideal image of puerto rican sovereignty mendoza de jesús endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life in this way catastrophic historicism not only resets the terms of ongoing critiques of historicism in the humanities it also intervenes in puerto rican historicity for the sake of its transformation

fifty years after the korean conflict what is a forgotten war for some americans is an aching memory for china with over a

million casualties out of the three million soldiers sent into battle that war looms as large for the people's republic of china as world war ii does for most other countries it was the first international war fought by the chinese communist regime to halt counterrevolution it was also a war that the chinese fully expected to win by virtue of not only superiority of numbers but also their soldiers superior political quality this book presents a mosaic of memoirs by key chinese military commanders from that war drawing not only on their personal papers but also on still classified archives and on chinese language sources unavailable in english it offers an uncensored behind the scenes story of the communist campaign from the decision to intervene through the truce negotiations that discloses new information on such facets of the war as strategy and tactics use of propaganda and mobilization of the chinese population it also reveals the generals concerns about the possible use of nuclear force and the alleged use of biological and chemical weapons by the united states the book contains a wealth of new materials on the chinese intervention including combat operations logistics political control field command and communications among those whose recollections are recorded then acting chief of staff nie rongzhen reveals how party leadership decided on intervention commander in chief peng dehuai provides personal accounts of major battles and communications with mao and general yang dezhi shares secrets of chinese military strategy and tactics discussing how the army orchestrated each battle to contend with the better equipped un forces the volume also features an updated short history of the prc's conduct of the war based on chinese sources plus rare photos from chinese archives that put readers behind the lines from the chinese side mao's generals remember korea demonstrates that the prc continues to draw military diplomatic and strategic lessons from the war it fought fifty years ago with the world's most powerful military force it offers valuable insight into the chinese way of war and the military mind of mao that will be a rich resource for asian and military scholars

during and immediately after the first world war there was a merging of christian and nationalist traditions of martyrdom expressed in the design of war cemeteries and war memorials and the state funeral of the unknown warrior in 1920 john wolffe

explores the subsequent development of these traditions of sacred and secular martyrdom analysing the ways in which they operated sometimes in parallel sometimes merged together and sometimes in conflict with each other particular topics explored include the protestant commemoration of marian and missionary martyrs and the roman catholic campaign for the canonization of the saints and martyrs of england secular martyrdom is discussed in relation to military conflicts especially the second world war and the falklands in ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the easter rising of 1916 although by the time of the northern ireland troubles in the later twentieth century these traditions diverged in covering these themes the book also offers historical and comparative context for understanding present day acts of martyrdom in the form of suicide attacks

this reference companion reviews all aspects of european nationalism from the french revolution through to the aftermath of world war i when the nationalist issues and problems that are coming to dominate the political history of our own time were already fully established it provides the reader with the necessary facts and figures in a series of chronologies initially europe wide but then charting the fortunes of each separate nation and ethnic group statistical tables nationalist biographies an extended political glossary detailed bibliographies arranged both by topic and by nation and a concise atlas section all presented in an accessible form with commentary sea and turkey and sets nationalism in the british isles the irish scottish and welsh experience alongside that of continental europe it includes less familiar nations and groupings like the icelanders and the gypsies and has a strong geo political emphasis highlighting the interrelationship of history and geography throughout it makes use of the research and skills of social science as well as the traditional work of the historian to throw light on the dynamics and rationale of the nationalist phenomenon

the essays in this volume seek to explore and explain the origins nature and consequences of modern irish terrorism from the front flap

why do the chinese sometimes speak out against america and yet at other times remain silent this book takes a provocative and innovative position nationalist anti american rhetoric in china is often really a means for people to criticize their own government rather than that of the us this book uses a variety of previously untapped sources including a wide range of news sources within china itself weblogs and interviews with prominent figures to make a powerful new argument about the causes and consequences of the new chinese nationalism

this resource contains antisemitic and racist content
