in the 1960s model kit building was a huge hobby kids built plastic kits of planes tanks race cars space ships creatures from scary movies

you name it before baseball card collecting pokémon and video games model kit building was one of the most popular hobby activities car and airplane kits were the most popular and among the car kits muscle cars as we know them today were one of the most popular categories many owners of real muscle cars today were not old enough to buy them when the cars were new of course yet kids of the 1960s and 1970s worshiped these cars to an extent completely foreign to kids today if you couldn't afford or were too young to buy a muscle car back then what could you do for many the next best thing was to buy collect and build muscle car kits from a variety of kit companies hundreds were made many of these kits have become collectible today especially in original unassembled form although people still build kits today there is a broad market for collectors of nostalgic model kits people love the kits for the great box art to rekindle fond memories of building them 40 years ago or even as a companion to the full scale cars they own today here world leading authority tim boyd takes you through the entire era of muscle car kits covering the options collectability variety availability and value of these wonderful kits today boyd also takes you through the differences between the original kits the older reproduction kits and the new reproduction kits that many people find at swap meets today if you are looking to build a collection of muscle car kits interested in getting the kits of your favorite manufacturer or even just of the cars you have owned this book will be a valuable resource in your model kit search

for all ford v8 owners and restorers a complete handbook with hard to find specifications of all engines up to 1972 including the ohc indy engines there's adjustments and fine tuning data of every engine from 221 to 462 cid plus a massive list of the original factory part numbers for heavy duty and high per parts with important details of engine assembly and ignition carburetion modifications for premium performance switch and swap of heavy duty parts from one size engine to another is clearly explained this is the best ever low bucks handbook to upgrade horsepower and durability of the best of the early ford v8 engines for good reason this book was known as the stocker's bible

continuing his classic series on the ford motor company michael parris gives us the inside stories of ford during the total performance sixties this decade brought us the falcon the mustang shelby cobras and motorsports wins from indy and nascar to trans am and le mans nothing was beyond the grasp of henry ford ii and his great company style and auto racing were playing an important role in ford's growth henry still called the shots iacocca brought on the mustang and carroll shelby gave ford the international respect in racing it sought henry

wanted to buy but ferrari wasn't selling so he turned shelby loose with his cobras and then the gt40s le mans belonged to ford and in nascar drivers including fireball roberts fred lorenzen and curtis turner were lighting the southern speedways on fire p ford during the sixties was about more than just auto racing the company had stylish hot selling models like falcon and mustang profits were big and money was being spent on beautiful body designs high performance engines and new muscle cars when the horsepower challenge came from gm ford was ready fairlane and mustang gt models came charging off the assembly line by the thousands and they all had thunder under their hoods engines ranging from the semi hemi 429 and high rise 427 to the boss 302 were facing off with gtos on every street in america fords of the sixties is full of beautiful photography and inside stories from the men who brought ford its design and performance success throughout the decade stories never heard before are drawn from first hand interviews and in depth research from the archives of ford motor company if you want the inside story of ford this all color classic is a must for your library
