origins we call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow thus an appropriate way to preface this book is to talk first of its roots its beginnings in the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself a goal was thus set to write a book that like janus would face both backward and forward a book that would give readers both a perspec tive on the past and a map for the future there were precedents for such a project the handbook of marriage and the family edited by harold christensen and published in 1964 the two contemporary theories about thefamily volumes edited by wesley burr reuben hill f ivan nye and ira reiss published in 1979 and the handbook of marriage and the family edited by marvin sussman and suzanne steinmetz then in production

family theories foundations and applications presents a comprehensive and accessible approach to the most current perspectives in the field of family theory integrates classic and contemporary writings on family theories features compelling case studies drawn from the authors experiences working with thousands of students represents an integrative use of theory research and practice

utilizes the metaphor of developing your theory app to translate complex academic ideas into accessible student friendly language

an incisive thorough introduction to current theories of the family this text balances the diversity and richness of a broad scope of scholarly work with the conciseness needed for ease of use in a one semester course for upper division undergraduate and beginning graduate students through two editions this best selling text has drawn upon seven major theoretical frameworks developed by key social scientists to explain variation in family life these frameworks include social exchange and choice symbolic interaction family life course development systems conflict feminist and ecological readers of the third edition will welcome the addition of an eighth framework functional theories along with more suggestions for integrating theory to guide a research program and more applications for those going on to careers in the helping professions

praise for the first edition this is an admirable text and sourcebook but also achieves the status of an intellectually challenging confrontation with the reader it is in many ways a model which many of us would be well advised to follow i wish i could have written it british journal of developmental psychology this revision of a best seller remains the only single volume book to present family theory in a clear and approachable manner providing a thorough introduction to current theories about the family for both advanced undergraduate and beginning graduate students the authors incorporate a broad scope of work from different perspectives in surveying seven major theoretical frameworks developed by key social scientists to explain variation in family life this incisive new edition examines the exchange symbolic interaction family developmental systems conflict feminist and ecological theoretical frameworks and presents a typology for analyzing and comparing the seven frameworks while providing direction for future theory development

introduction why do you do that why does our family insist on doing things that way questions about people s behaviors are the essence of social science inquiry the focus may be on individuals families social groups communities or cultures to engage in the process of social science inquiry you need two things research and theory before we enter into a discussion of social science theory specifically family theory we first must have a discussion about theory in general

an army deserter jean gabin pitches up in le havre looking for a new identity and passage to foreign parts his progress is halted when he falls in love with an idealistic young woman michelle morgan directed by marcel carne

now available in paperback for classroom use this comprehensive text provides a rich source of perspectives on theorising about the family for scholars researchers and students another of the book s strengths is the emphasis on multimethod approaches in family research the book covers an impressive range of topics and issues marital happiness adjustment of children in divorce marriages gay marriage sibling ties ethnic families of colour stepfamilies aggression culture work and family religion and social policy to name a few in summary this superb volume is highly recommended and amply reflects the many contemporary perspectives on the family philip siebler monash university victoriasponsored by the national council on family relations the sourcebook of family theory and research is the reference work on theory and methods for family scholars and students around the world this volume provides a diverse eclectic and paradoxically mature approach to theorizing and

demonstrates how the development of theory is crucial to the future of family research the sourcebook reflects an interactive approach that focuses on the process of theory building and designing research thereby engaging readers in doing theory rather than simply reading about it an accompanying website offers additional participation and interaction in the process of doing theory and making science editors vern l bengtson alan c acock katherine r allen peggye dilworth anderson and david m klein have brought together a prominent group of diverse contributors ranging in race and ethnicity age and seniority and gender and sexual orientation the sourcebook begins with a section that sets the context for future family research the subsequent sections explore changing family patterns changing family interactions within and across generations and families and larger social forces a concluding section discusses issues of teaching family theories and research key features focuses on the process rather than the outcomes of family theory and research methods emphasizes the value of multi methods approaches in family research by integrating theory development with the development of research methods differs from many other publications on family research by describing the development of new ideas rather than just summarizing existing findings the interactive site and the special feature boxes within the chapters engage readers with theory and methodology boxed features include case studies spotlights on theory spotlights on methods and a discussion and extension sections represents a who s who of family researchers with contributions from many of the best researchers in the family realm the sourcebook will be an excellent addition to any academic library it is an authoritative reference for scholars and researchers in human development and family studies sociology social work and psychology in addition the sourcebook can also be used in graduate courses on family theory and methodology

family theories an introduction by james m white todd f martin and new co author kari adamsons provides an incisive thorough primer to current theories of the family that balances the diversity and richness of a broad scope of scholarly work in a concise manner this best selling text draws upon eight major theoretical frameworks developed by key social scientists to explain variation in family life these frameworks include social exchange and choice symbolic interaction family life course development systems conflict feminist ecological and functional theories this new fifth edition includes suggestions for integrating theory to guide a research program and more applications for those going on to careers in the helping professions with an increased focus on both classical theories as well as contemporary and emerging theories this text challenges students to think about how families and family theories have changed over the last 70 years as well as where family scholarship is headed

family studies play an increasinty important role in contemporary sociology david cheal provides an up to date and comprehensive survey of modern socological theories about family life while recognizing that these theories are both diverse and fragmented he argues that such divisions are a positive and integral aspect of studying contemporary family theory cheal takes a broad comparitive approach to the theories analysed using empirical examples from north america europe and australia and examining how old and new approaches interact with one another he argues that it is possible to make sense of a contemporary family theory by analysing its divisions as the result of different experiences of modernity these experiences lie along three axes first the opposition between social modernism and its anti modernist critics second the ideological effects of contradictions within modernity itself and third the emerging differene between modernist idealism and post modernist scepticism another major theme of the book is the profound impact of feminism on contemporary family studies and how this has been the catalyst for so much rethinking of the subject in recent years by comparing a wide range of theories in this way and providing a conceptual framework to explain and encourage theoretical pluralism david cheal has produced a major

new work for students and researchers of family sociology and social theory worldwide

sponsored by the national council on family relations the sourcebook of family theory and research is the reference work on theory and methods for family scholars and students around the world this volume provides a diverse eclectic and paradoxically mature approach to theorizing and demonstrates how the development of theory is crucial to the future of family research the sourcebook reflects an interactive approach that focuses on the process of theory building and designing research thereby engaging readers in doing theory rather than simply reading about it an accompanying site ncf.org sourcebook offers additional participation and interaction in the process of doing theory and making science
