since the day the constitution of india came into force judicial activism has existed in different forms under the constitution judicial activism initiated by the higher judiciary in india has started serious debates on the court s undefined power to place substantive as well as procedural limits on the executive as well as the legislature the court s new role to make law and give directions has been criticised as the usurpation of powers that belong to the other two organs the court has been defending its new role to uphold the constitutional values of protecting the human rights of the people thereby upholding the principle of rule of law through this book dr deka swapna manindranath analyses the legitimacy of judicial activism in india as well as the intrusions made by the judiciary in the name of judicial activism the author argues that judicial activism under the constitution has been inevitable in view of the socio economic and political conditions of the nation as well as due to the laxity of performance on the part of the other two organs this book will be of interest to the research scholars and students of indian constitutional law and political science judges lawyers and general readers interested in knowing about the phenomenon of judicial activism in india

first published in 1985 this book reconsiders the whole question of urbanisation and planning in the third world it argues that public involvement which is now an accepted part of western planning should be used more in third world cities it shows that many inhabitants of third world cities are migrants from

rural areas and have very definite ideas about what the function of the city should be and what it ought to offer and it goes on to argue that therefore a planning process which involves more public participation would better serve local needs and would do much more to solve problems than the contemporary approach
