a history of modernist literature offers a critical overview of modernism in england between the late 1890s and the late 1930s focusing on the writers texts and movements that were especially significant in the development of modernism during these years a stimulating and coherent account of literary modernism in england which emphasizes the artistic achievements of particular figures and offers detailed readings of key works by the most significant modernist authors whose work transformed early twentieth century english literary culture provides in depth discussion of intellectual debates the material conditions of literary production and dissemination and the physical locations in which writers lived and worked the first large scale book to provide a systematic

overview of modernism as it developed in england from the late 1890s through to the late 1930s

examining the ways in which modernism is created within specific historical contexts as well as how it redefines the concept of history itself this book sheds new light on the historical mindedness of modernism and the artistic avant gardes cutting across anglophone and less explored european traditions and featuring work from a variety of eminent scholars it deals with issues as diverse as artistic medium modernist print culture autobiography as history writing avant garde experimentations and modernism s futurity contributors examine both literary and artistic modernism combining theoretical overviews and archival research with case studies of anglophone as well as european modernism which speak to the current historicizing trend in modernist and literary studies

this cambridge history of modernism is the first comprehensive history of modernism in the distinguished cambridge histories series it identifies a distinctive temperament of modernism within the modern period establishing the circumstances of modernized life as the ground and warrant for an art that becomes modernist by virtue of its demonstrably self conscious involvement in this modern condition following this sensibility from the end of the nineteenth century to the middle of the twentieth tracking its manifestations across pan european and transatlantic locations the forty three chapters offer a remarkable combination of breadth and focus prominent scholars of modernism provide analytical narratives of its literature music visual arts architecture philosophy and science offering circumstantial accounts of its diverse personnel in their many settings these historically informed readings offer definitive accounts of the major work of twentieth century cultural history and provide a new cornerstone for the study of modernism in the current century

this volume contains 44 original essays on the role of periodicals in the united states and canada over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism

the first of three volumes charting the history of the modernist magazine in britain north america and europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the uk and ireland in thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications we learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation the chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the new age blast the egoist and the criterion new writing new verse and scrutiny as well as of lesser known magazines such as the evergreen coterie the bermondsey book the mask welsh review the modern scot and the bell to return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the

excitement of a new poem or manifesto this collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion

the history of twentieth century visual arts can no longer be written as a succession of avant garde movements contends eminent art historian bernard smith in this stimulating book he argues that a return to the concept of period style is inevitable and that modernism the dominant style of art that emerged at the end of the nineteenth century and continued through the 1960s deserves recognition as a period style smith renames this period formalesque since it is no longer modern and since it emphasizes the formal values of art more than any previous period does in a wide ranging reformulation of art history in the twentieth century the author defines the nature and development of formalesque an avant garde style that arose between 1890 and the first world war was institutionalized between the world wars and flourished anew between 1945 and 1960 identifying the formalesque period says smith makes it possible also to identify dialectical adversaries such true oppositional avant garde styles of the twentieth century as dada surrealism and the neue sachlichkeit these constitute the formative elements of the modernism now called postmodernism that became increasingly dominant after 1960 the author locates twentieth century artistic movements and developments in a broad cultural context and concludes with a thought provoking examination of the relation between the formalesque and european and american cultural imperialism

a history of irish modernism examines a wide variety of artworks from the 1890s to the 1970s including examples from literature film painting music radio and architecture each chapter considers a particular aspect of irish culture and reflects on its contribution to modernism at large in addition to new research on the irish revival and cultural nationalism which places them squarely in the modernist arena chapters offer transnational and transdisciplinary perspectives that place irish cultural production in new contexts at the same time the historical standpoint adopted in each chapter enables the contributors to examine how modernist practices developed across geographical and temporal distances a history of irish modernism thus attests to the unique development of modernism in ireland driven by political as well as artistic concerns even as it embodies aesthetic principles that are the hallmark of modernism in europe the americas and beyond

a study of the role of little magazines and their contribution to the making of artistic modernism a major scholarly achievement of immense value to teachers researchers and students interested in the material culture of the first half of the 20th century and the relation of the arts to social modernity

at its root modernism is that fundamental it is a question of having something to represent that is of the moment in the most radical interpretation modernism always comes too late the modern is that which is always

new which is to say always changing and already old by the time it has appeared modernism is always a retrospective act one of documenting or trying to catch what has already appeared an attempt to fix life as it is being lived modernity is just the very fact that we as human beings are continually remaking the world around us through our actions and are doing so consciously modernism is a monument to or memory of that act which in its own making tries to remake the world it is pretending to represent

in this study aimed at a general and student audience tim armstrong seeks to define modernism not only by its aesthetics and literary genres but also by its links with broader cultural areas in which the modern is implicated and debated and which inform its representational modes besedilo s hrbta knj

louise williams explores the nature of historical memory in the work of five major modernists yeats pound hulme ford and lawrence these modernists williams argues started their careers with historical assumptions derived from the nineteenth century but their views on the universal structure of history on the abandonment of progress and the adoption of a cyclical sense of the past were the result of important conflicts and changes within the modernist period williams focuses on the period immediately before world war i and shows in detail how modernism developed and why it is considered a unique intellectual movement she also revisits the theory that the edwardian age was a difficult period of transition to the modern world finally she illuminates the contribution of non western culture to the literature and thought of the period this wide ranging and inter disciplinary study is essential reading for literary and cultural historians of the modernist period
