dynamic assessment is an innovative approach to revealing the full range of learner abilities that has rapidly gained attention from language educators and researchers while much of the research to date has examined dynamic assessment in western countries the research in this book further extends the framework by documenting its uses by chinese scholars in meeting context specific challenges dynamic assessment or da originated in the writings of russian psychologist l s vygotsky concerning the concept of the zone of proximal development while many assessment approaches call for closer integration with teaching da embeds an instructional component referred to as mediation as part of the assessment procedure following vygotsky the picture of a person s abilities is incomplete if focus is restricted to past development as diagnosed by what the person can achieve independently and without considering those abilities that are emerging as revealed through responsiveness to mediation in this way da offers insights into learner abilities not easily obtained through other assessments widely employed in special education and general abilities testing the second language field has witnessed a rapid growth of interest in using da to better understand the full range of learner language abilities and to determine how instruction can

optimally promote the development of all learners this book brings together a collection of original studies conducted by scholars in china that build upon methods and principles from previous da research and that leverage them to meet local demands in so doing this research collectively illustrates the extension of da into new cultural contexts while simultaneously yielding findings that are sure to resonate with language educators assessors and researchers around the world this book was originally published as a special issue of language assessment quarterly

quakers in the 20th century redefined their pacifist witness to include relief for the victims of war drawing upon research in archives plus interviews with surviving participants farah mendlesohn provides an account of british and american friends relief to both sides in the spanish civil war

at the battle of stones river general david stanley s union cavalry repeatedly fought general joseph wheeler s confederate cavalry the campaign saw some of the most desperately fought mounted engagements in the civil war s western theater and marked the end of the southern cavalry s dominance in tennessee this history describes the events leading up to the battle and the key actions including the december 31 attack by wheeler s cavalry the union counterattack the repulse of general john wharton by the 1st michigan engineers and wheeler s daring raid on the re williams rosecrans army the author reassesses the actions of general john pegram s cavalry brigade
