she draws on extensive interviews city council proceedings and historic plats and photographs to construct a detailed picture of how these districts originally looked and were used how they were renovated and to what ends they were marketed

topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows how

american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics

who governs is a central question in political science typically political scientists address this question by relying upon either empirical analysis which explains existing political practices or normative analysis which prescribes ideal political practices

since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers

city politics is a comprehensive text organized around the theme of political economy using a historical approach to reveal enduring patterns in urban politics the text goes beyond an explanation of government structures and examines the complex interaction between public and private interests dennis r judd and todd swanstrom have completely updated and reorganized city politics the second edition continues to approach urban politics comparatively and includes a new chapter on urban governance that examines the prospects for urban liberalism conservatism and populism new material on tourism as an economic development strategy the politics of community development and president clinton s urban policy

for decades gentrification research has predominantly focused on large cities arguing that gentrification has occurred throughout the urban hierarchy ravuri fills this gap in the literature by analyzing gentrification and displacement patterns in twelve medium sized cities spread across the four census regions of the us
